

Emerging PFAS Contaminants in the Cape Fear Region: University Collaborations on Environmental, Drinking Water and Health Effects

May 31, 2019 from 1 to 4:30 p.m.

*Lumina Theater, Fisher Student Center, UNC Wilmington
Wilmington, NC*

*Post-Forum Public Reception with Speakers
4:30 to 6 p.m.*

Clock Tower Lounge, Fisher Student Center, UNC Wilmington

This forum will:

- Provide a public conversation about the North Carolina PFAS Testing (PFAST) Network, a multi-university research program focused on understanding our exposure to industrial contamination of our environment and drinking water in North Carolina
- Define PFAS (per- and polyfluoroalkyl substances) and why they matter to North Carolina residents and visitors
- Demonstrate the broad collaboration and support for this initiative among six universities across North Carolina

This event is free and open to the public, but registration is required.
